7. Tax exempt corporations such as those enumerated under Section 30 of the Code, as amended, in pursuance of tax-exempt activities;
8. Non-stock/non-profit organizations not engaged in business;
9. Persons subject to tax under one-time transactions;
10. Persons registered under EO 98, series of 1998; and
11. Facility/ies where no sales transactions occur.

The exemption from the payment of ARF by GAIs, LGUs, non-stock/non-profit organizations and other tax-exempt entities is predicated on the fact that their undertakings/endeavors are not directed nor intended to generate income/profit. Thus, any profit-oriented activity pursued by GAIs, LGUs and/or tax-exempt entity which partakes the nature of an activity similar to those undertaken by those engaged in business shall be treated as an activity in pursuance of a business for which the payment of ARF must be imposed.

The ARF shall likewise be paid in cases where parts of the activities or undertakings conducted in a facility of the business involve sales transactions regardless of the frequency of the

occurrence thereof. Sales transactions need not be conducted on a regular basis. Thus, even if the warehouse or place of production is predominantly used for storage, warehouse or production purposes, a single sales transaction consummated thereat is enough to warrant the imposition of the ARF.

The ARF shall be paid to an Authorized Agent Bank (AAB) located within the BIR district office or to the Revenue Collection Officer (RCO) or duly authorized Treasurer of the City or Municipality where each place of business or branch is registered, or thru the BIR-accredited payment facilities such as Electronic Filing and Payment System (EFPS) and G-Cash. Payment of ARF shall be made thru EFPS for taxpayers mandated to use EFPS such as Large Taxpayer, Top 20,000 Corporation, Top 5000 Individuals, etc. for their respective HO and Branches.

The ARF shall be paid in full amount. Registration occurring during the interim period of the initial year shall be imposed with the same full amount of P500.00 as ARF.

When any individual who has paid the ARF dies, and the same business is continued by the person or persons interested in his estate, those continuing the business should register as a separate entity reflecting in said registration that it is pursuing the business enterprise as heirs of the estate of the decedent. Accordingly, the person or persons interested in the estate should, within thirty (30) days from the death of the decedent, submit to the concerned BIR district office inventories of goods or stocks at the time of death of the registered individual upon registration and the ARF should be paid. This requirement shall also be applicable in the case of transfer of ownership or change of name of the business establishment.

**SECTION 9. REQUIREMENT FOR THE REGISTRATION OF EACH TYPE OF INTERNAL REVENUE TAX.** – Every person, who is required to register with the BIR under Section 4 of these Regulations, shall register each type of internal revenue tax for which he/it is obligated to file a return or pay taxes due thereon. Such person shall update the BIR for any changes in his / its registration information in accordance with Section 11 hereof.

Generally, registration of tax types by a business entity consists of but not limited to the following internal revenue taxes/fees:

1. Income tax;
2. VAT and/or percentage tax;
3. Withholding tax on compensation;
4. Creditable withholding tax at source on certain income payments;
5. Final withholding tax on certain income payments;
6. Documentary Stamp Tax;
7. Excise tax; and
8. Annual Registration Fee.

The nature of the business to which the taxpayer belongs shall be taken into consideration in determining the type of taxes that must be registered.

In order to avoid the generation of invalid “stop-filer” cases in the BIR’s database, only those tax types which the taxpayer is expected to regularly/periodically file the return and/or pay the tax shall be registered. In case a taxpayer fails to update his tax types prior to filing/ payment of a tax return, the duly authorized BIR personnel must register the corresponding tax type for the Tax Return to be filed/paid except for VAT and/or percentage taxes which must be applied for by the taxpayer. The BIR personnel initiating the update in behalf of the taxpayer must inform him of such update, in writing, to give due notice on his obligation to subsequently file the return on a regular basis on or before the prescribed deadline for filing.

The registration of income tax as a tax type does not automatically carry with it the registration of VAT and/or percentage tax as a covered/registered tax type. An example of this is the seller of agricultural food products. Such seller, although subject to income tax, is exempt from the imposition of either VAT or percentage tax, pursuant to the provisions of Section 109 of the Code, as amended. In which case, VAT or Percentage need not be registered as a tax type.

For marginal income earners, the activities of such individuals are considered principally for subsistence or livelihood. Moreover, they are not required to pay any ARF although they are required to register as taxpayers for being potential income and withholding tax filers. For purposes of registration, they will be registered for the tax type Income Tax and Form Type 1701. Notwithstanding their exemption from business taxes and ARF, they are liable to pay Income Taxes similar to any other individual engaged in business or practice of profession, after applying the allowable deductions against their Gross Income/Sales/Receipts and personal/additional exemptions granted under the Tax Code.

For those enjoying income tax holidays, or exemption from other taxes for a limited time, as granted pursuant to special laws, the type of taxes the taxpayer is exempt from paying on the account thereof, the effectivity and expiry date shall be indicated. However, upon expiration thereof, it shall be the duty of the taxpayer to update his/its registration and/or the BIR district office must be duly informed in writing.

For purposes of determining the proper tax type (i.e., whether VAT or other percentage taxes) based on the nature of the business activity of the taxpayer, the following rules shall apply:

- i. **VAT Registration, in General.** – Any person who, in the course of trade or business, sells, barter, exchanges goods or properties, or engages in the sale of services subject to VAT imposed in Sections. 106 and 108 of the Code, as amended, shall register the VAT tax type with the BIR district office having jurisdiction over the HO.
- ii. **Mandatory VAT Registration.** - Any person who, in the course of trade or business, sells, barter or exchanges goods or properties or engages in the sale or exchange of services shall be liable to register the VAT tax type if:
  - 1) His gross sales or receipts for the past twelve (12) months, other than those that are exempt under Section 109 (1) (A) to (U) of the Code, as amended, have exceeded One Million Nine Hundred Nineteen Thousand Five Hundred Pesos (P1,919,500.00); or
  - 2) There are reasonable grounds to believe that his gross sales or receipts for the next twelve (12) months, other than those that are exempt under Section 109 (1) (A) to (U) of the Code, as amended, will exceed One Million Nine Hundred Nineteen Thousand Five Hundred Pesos (P1,919,500.00).

Every person who becomes liable to VAT under paragraph (ii) of this Section shall register with the BIR district office which has jurisdiction over his HO. If he fails to register, he shall be liable to pay the output tax under Sections. 106 and/or 108 of the Code, as amended, as if he were a VAT-registered person, but without the benefit of input tax credits for the period in which he was not properly registered.

Moreover, franchise grantees of radio and television broadcasting, whose gross annual receipt for the preceding calendar year exceeded P10,000,000.00, shall register as VAT taxpayer within thirty (30) days from the end of the taxable year.

- iii. **Non-VAT Registration.** – The following are not required to register VAT as a tax type:
- 1) Those persons subject to other percentage taxes under Title V of the Code, as amended;
  - 2) Those whose transactions are VAT-exempt as enumerated under Section 109 of the Code, as amended.
  - 3) Marginal Income earners as herein defined.
- iv. **Optional Registration of Value-Added Tax for VAT- Exempt Persons. -**
- 1) Any person who is VAT-exempt under Section 109 (1) (V) of the Code, as amended, i.e., sale or lease of goods or properties or the performance of services other than the transactions mentioned in Section 109 (1) (A) to (U) of the Code, as amended, the gross annual sales and/or receipts do not exceed the amount of One Million Nine Hundred Nineteen Thousand Five Hundred Pesos (₱1,919,500.00) not otherwise required to register for VAT may elect to be VAT-registered by registering with the BIR district office that has jurisdiction over the HO of that person.
  - 2) Any person who is VAT-registered but enters into transactions which are exempt from VAT (mixed transactions) may opt that the VAT apply to his transactions which would have been exempt under Section 109 (1) of the Code, as amended.
  - 3) Franchise grantees of radio and/or television broadcasting whose annual gross receipts of the preceding year do not exceed Ten Million Pesos (P10,000,000.00) derived from the business covered by the law granting the franchise may opt for VAT registration. This option, once exercised, shall be irrevocable.

Any person who elects to register under subsections (iv.1) and (iv.2) above shall not be allowed to cancel his VAT registration for the next three (3) years.

The above-stated taxpayers may apply for VAT registration not later than ten (10) days before the beginning of the taxable quarter and shall pay the ARF prescribed under Section 8 hereof, unless they have already paid at the beginning of the year. In any case, the CIR may, for administrative reason, deny any application for registration. Once registered as a VAT person, the taxpayer shall be liable to output tax and be entitled to input tax credit beginning on the first day of the month following registration.

v. **Registration for Documentary Stamp Tax (DST)**

The registration for the tax type of DST shall be made upon initial registration with the BIR by taxpayers who are expected to be liable to pay DST on a periodic basis.

Insurance companies and banks are examples of industries whereby the payment of DST is periodically expected in the ordinary course of their businesses, hence, in addition to income tax, VAT and/or percentage tax, withholding tax (creditable and final), the tax type of DST should likewise be registered.

vi. **Registration for Excise Tax**

The registration for the tax type of excise tax shall only be applicable to those taxpayers liable to pay the excise tax on domestically produced / extracted articles under Title VI of the Code, as amended.

**vii. Registration for Withholding Tax**

The registration for the pertinent withholding tax types shall be made by all withholding agents, such as NGAs and its instrumentalities, GOCCs, LGUs including certain tax-exempt entities. They shall likewise register the applicable tax types on their proprietary function.

For NGAs and its instrumentalities where the source of fund is not coming from the DBM (e.g. foreign assisted projects, special funds etc.) which requires the payment of withholding tax or other internal revenue taxes coming from such fund, a separate branch code in the TIN shall be assigned for each special fund. However, upon expiration thereof, it shall be the duty of the NGA to update its registration.

With respect to business entities with branch/es, the rules on the registration of tax types as provided hereunder shall be observed:

**1) Registration shall be with the HO only**

- i. Income Tax
- ii. VAT

**2) Registration with the HO and/or branches**

Except for identified Large Taxpayers under the LTS required to file consolidated tax returns for VAT and Income Tax, a taxpayer has the option to register the following tax types either only at the HO for consolidated filing and payment or at each of its branches where it employs decentralized filing and payment:

- i. Percentage tax
- ii. Withholding tax on compensation
- iii. Creditable withholding tax at source on certain income payments
- iv. Final withholding tax on certain income payments
- v. Documentary stamp tax
- vi. Excise tax

With respect to Excise taxes, regardless of whether the taxpayer is an identified LT, the filing thereof can be decentralized or is allowed to be made by the HO as well as its branch/es.

**3) Registration with both Head Office and branches**

ARF to be paid by the HO and by all branches as defined in Section 3 (7) and (8) hereof.

**SECTION 10. TRANSFER OF REGISTRATION.** – In case a registered person transfers his registered address to a new location, it shall be his duty to inform the BIR district office where he is registered of such fact by filing the prescribed BIR Form specifying therein the complete address where he intends to transfer.

- 1. Transfer of Registration of NON-BUSINESS individuals (EO 98, series of 1998 or ONETT).** – Taxpayers initially issued TINs for ONETT/ EO 98, series of 1998 shall submit the proper Application Form to the BIR district office where he intends to establish his business address or the new employer’s BIR district office or at the BIR district office of his residence, whichever is applicable. The transfer of registration (TIN records) of such taxpayer shall be initiated by the BIR district office where the request for transfer was filed / submitted.

## **2. Transfer of Registration of Local Employees. –**

- i. **Individuals Earning Purely Compensation Income** - In case of transfer due to change of employer, it shall be the responsibility of the new employer to notify his BIR district office by submitting the duly accomplished form of the employee. The transfer of registration (TIN records) of such employee shall be initiated by the BIR district office which received the application.
- ii. **Transfer of Employees of Transferring Employers** - Registration of employees should follow the BIR district office registration of their employers. Accordingly, a transfer of employer's BIR district office carries with it the transfer of the registration of employees earning pure compensation income mainly from said employer. The transferring employer shall require all of its covered employees to accomplish the proper BIR form and submit the same to the new BIR district office.

A list of employees shall likewise be submitted together with the update form by the transferring employer to the new BIR district office excluding those employees who have been separated prior to the transfer.

In case the employer hires new employees in its new location, application for employees' TIN shall be submitted to the new BIR district office.

- iii. **Registered Employee Who Intends to Engage in Business or Practice of Profession** – An individual who is registered as an employee in one BIR district office but subsequently applies for registration as a business taxpayer / professional in another BIR district office shall submit the proper form to the BIR district office having jurisdiction over his business address. The transfer shall then be performed by the BIR district office where the application was submitted.

The above procedures shall be observed once the ITS has been enhanced to provide for the required facility to effect the same. In the interim, the taxpayer shall submit his request for transfer to the old BIR district office either personally or by fax. The old BIR district office, upon receipt of the request shall immediately execute the transfer of taxpayer's registration records to the new BIR district office.

## **3. Transfer of Taxpayers Engaged in Business or Practice of Profession (Individual / Non-Individual). –**

### **i. Branches / Facilities**

Request for transfer of registration of branch / facility shall be filed at the BIR district office where such branch/facility is registered. Where no tax type is registered except ARF, transfer shall be completed by the old BIR district office within five (5) days from receipt of the request.

Transfer of branches with other registered tax types shall observe the same procedures in transferring a HO.

### **ii. Head Office (HO)**

The following policies are to be observed with respect to the transfer of registration of HO:

- 1) As a general rule, transfer of HO from one BIR district office to another is discouraged. Only transfers by a HO to a bigger Office or Business Establishment/Store can be allowed. All other cases, including mergers and consolidations should obtain clearance / approval from the Office of the CIR. The old BIR district office shall conduct an ocular inspection in both old and new

business addresses before transferring the applicant's registration data to the new BIR district office. An RMO shall be issued to prescribe detailed procedures on this matter.

- 2) A taxpayer requesting for transfer of his/her/its HO should not be allowed to transfer to a BIR district office where his/her/its previous RDO/ARDO is currently assigned. Strict adherence to this policy must be observed at all times.

*Example: In March, 2011, by virtue of an RTAO, RDO Uno Dostres was reassigned to Revenue District Office No 29 - Tondo/San Nicolas. He is proactive and strictly monitors his registered taxpayers especially those classified under TAMP. Nine (9) months after, He was, again, transferred to Revenue District Office No. 38 - North, Quezon City and was replaced by RDO Juan Tutre. Later, Mr. Cuatro Cinco, a registered taxpayer of Revenue District Office No. 29 - Tondo/San Nicolas requested to transfer his HO to Revenue District Office No. 38 - North, Quezon City which was denied by RDO Juan Tutre.*

In the above example RDO Juan Tutre is right in denying the request of the taxpayer inasmuch as RDO Uno Dostres, was the previous District Officer of Revenue District Office No. 29 - Tondo/San Nicolas where the transferring taxpayer is currently registered.

- 3) The taxpayer requesting for transfer shall file the proper form to the old BIR district office together with the prescribed attachments listed in Annex "A" hereof.
- 4) The new BIR district office shall be furnished by the taxpayer with a copy of the update form duly received by the old BIR district office.
- 5) The transfer of HO shall be effective upon approval by the old BIR district office which should not exceed the ten (10) working days prescribed period from the date of complete submission of the required documents. If the old BIR district office fails to complete the transfer within the prescribed period, the Revenue Data Center (RDC) having jurisdiction of over the same shall perform the transfer electronically. The procedure for this activity shall be prescribed in a separate RMO.
- 6) The request for transfer shall be processed by the old BIR district office based on the supporting documents submitted by the transferring taxpayer. Upon receipt of the update form duly received by the old BIR district office, the new BIR district office shall immediately conduct an ocular inspection of the transferring taxpayer's actual business location. If upon ocular inspection, the new BIR district office has determined that the given business address is non-existent, inaccurate, unoccupied or occupied by persons other than the transferring taxpayer, the new BIR district office shall immediately notify in writing the old BIR district office of such fact so that the old BIR district office shall not allow the requested transfer of registration. The results of the ocular inspection conducted shall form part of the registration docket of said taxpayer. Furthermore, the new BIR district office shall include the newly transferred taxpayer in its regular TCVD activities where ocular inspection of the actual business location of the newly transferred taxpayer shall be mandatorily conducted.

The above prescribed policies will also apply in case the HO of a registered entity will request for closure while at least one of its branches will continue to be operational.

*Example: ABC Café registered its HO at BIR District Office No. 39 – South Quezon City, with business address at Scout Borromeo St., South Triangle*

*Quezon City, Metro Manila, Philippines. It has a branch in Novaliches at SM Fairview Mall, Quirino Hi-way corner Regalado St., Quezon City under BIR District Office No. 28 - Novaliches. The owner of the café decided to close its business operations in South Quezon City while retaining its branch operations in Novaliches. Under the ITS, the TIN of the HO of a registered entity cannot be cancelled while there still remains an existing branch. In such case, the registration of ABC's HO in BIR District Office No. 39 – South Quezon City must be transferred to BIR District Office No. 28 - Novaliches after which the registered branch in Revenue District Office No. 28 - Novaliches will be cancelled.*

The detailed procedure on the implementation of above policy will be provided for in a separate RMO.

- 4. Certificate of Registration (COR)/Authority to Print (ATP)** – The new BIR district office shall issue the COR immediately after the transfer of the taxpayer's registration by the old BIR district office. The COR, Sales Invoice/Official Receipt (SI/OR) used in the old business location can still be used in the new business location without penalty, until a new COR and ATP is issued by the new BIR district office; provided that the taxpayer can show a copy of duly received update form filed with the old BIR district office; provided further that the taxpayer shall stamp the new address on the old SI/OR when the same is to be issued in the new business address.

In cases all the SI/OR are consumed prior to the on-line transfer of its records in the BIR's ITS database, the taxpayer shall still apply with the old BIR district office for an ATP for the new sets of receipts/invoices.

- 5. Filing of Tax Returns** – The filing of tax returns and payment of taxes to the new BIR district office shall commence following the issuance of the new COR. The new BIR district office shall be responsible for notifying the taxpayer concerned that the transfer of registration has already been completed.

**SECTION 11. OTHER REGISTRATION UPDATES.** – Any person registered in accordance with Section 4(2) hereof shall, whenever applicable, update his registration information with the BIR district office where he is registered using BIR Form/s prescribed by the BIR.

- 1. Regular Updates.** The instances when a taxpayer must update his registration information include (but are not limited to) the following:
  - i. A change in the nature of the business from sale of taxable goods and/or services to being VAT-exempt in accordance with Section 109 (1) of the Code, as amended;
  - ii. A person whose transactions are exempt from VAT but voluntarily registered under the VAT system, and after the lapse of three (3) years after his registration applies for cancellation of his VAT registration. However, the optional registration as a VAT taxpayer of a franchise grantee of radio and/or television broadcasting whose gross receipts for the preceding year did not exceed P10,000,000.00 shall be irrevocable;
  - iii. A VAT-registered person whose gross sales or receipts for three (3) consecutive years did not exceed the amount of One Million Nine Hundred Nineteen Thousand Five Hundred Pesos ₱1,919,500.00; Provided, That every three (3) years thereafter, the amount therein stated shall be adjusted to its present value using the Consumer Price Index, as published by the National Statistics Office (NSO) (Section 116 of the Tax Code); Provided further, that such adjustment shall be published through revenue regulations to be issued not later than March 31 of each year. Upon updating his registration, the taxpayer shall become liable to the percentage tax imposed in Section 116 of the Code, as amended. A short period return for the remaining period that he was VAT-registered shall be filed within twenty five (25)

days from the date of cancellation of his VAT registration as a tax type and at the same time register for percentage tax as his new tax type; and

- iv. Any other changes/updates in registration information previously supplied, including cancellation or change in any tax types.

## **2. Conversion of taxpayer status from Active to Inactive:**

- i. The cancellation of business registration of an individual shall not automatically cancel his TIN. The TIN shall remain active subject to subsequent updates on his registration. In this case, the BIR district office shall end date the particular registered form/tax type of such taxpayer in the ITS database upon complete submission of the requirements for cancellation for business registration. If subsequently, such taxpayer engages in a taxable activity, e.g. employment or establishment of a new business, the concerned BIR district office shall make the necessary updates on the registration records of such taxpayer corresponding to his new activity.
- ii. In the case of juridical entities, the BIR district office shall prepare a monthly list of non-individual taxpayers filing for cancellation of business registration for submission to the Assistant Commissioner – Information Systems Operations Service (ACIR, ISOS) through the Revenue Data Centers (RDC) for purposes of tagging said taxpayers as “Inactive”. Once tagged as “Inactive”, such taxpayer shall no longer be included in the roster of active taxpayers under the concerned BIR district office.
- iii. In the case of TIN issued to an Estate of a decedent under ONETT, upon full payment of the estate tax by the heirs, administrator or executor, the issued TIN of the estate shall be tagged as “Inactive”. The tagging of said taxpayer as inactive shall be coursed through the RDC of concerned BIR district office. However, in case of additional properties discovered after payment of the estate tax, the TIN previously issued for such estate shall be updated to “Active” status in order to facilitate the filing of the amended estate tax return and shall be cancelled upon full settlement of the tax liabilities of the estate.
- iv. Registered taxpayers who failed to file any tax return for two (2) consecutive years or more shall be tagged as “Inactive” and an investigation shall be initiated. As such, upon classification as Inactive, all CRM/POS Permits issued to them as well as any unused Official Receipts / Invoices for which a valid ATP has been previously granted, shall be deemed cancelled / invalidated as of date of tagging.

Provided that the Inactive self-employed individual is not likewise employed, non-filing of tax return as provided in this section shall qualify him for tagging as inactive. Where such taxpayer is also registered as an employee, he or she will not be tagged as inactive but any unused Official Receipts / Invoices for which a valid ATP has been previously granted for his or her business, shall be deemed cancelled / invalidated upon “end-dating” of its registered business tax types.

**SECTION 12. CANCELLATION OF REGISTRATION.** – The cancellation of registration may either pertain to cancellation of business registration and/or the assigned TIN. Application for TIN/Registration cancellation shall take place upon:

1. Death of individual;
2. Full settlement of the tax liabilities of the estate;
3. Discovery of a taxpayer having multiple TINs; and
4. Dissolution, merger or consolidation of juridical person.

The forms and requirements for the request for cancellation of TIN / Registration are listed in Annex "A" of these Regulations.

- iii. In addition to the above, an affidavit shall be submitted by the heirs stating that the decedent has no properties subject to estate taxes.
- iv. The BIR district office shall notify the heirs, administrator or executor applying for cancellation of decedent's TIN of the status of the request within ten (10) days from complete submission of the requirements.

### **2. Settlement of Estate Tax liabilities**

- i. In case of death of an individual with properties subject to estate taxes and who was previously registered in the ITS database, upon submission of Notice of Death and the Death Certificate of the decedent, the BIR district office shall immediately modify and update the status of the TIN of said decedent as "cancelled" and proceed with the processing and issuance of the TIN of the estate upon application by the executor or administrator. If the TIN of such decedent is registered in another BIR district office, the receiving BIR district office shall inform the BIR district office concerned of the fact of such taxpayer's death by furnishing a copy of the decedent's Death Certificate. Such BIR district office shall then perform the update as stated in this section.
- ii. The new TIN shall be used in the filing of the estate tax return of the decedent, as well as in the filing of other applicable tax returns (e.g. Income, VAT/ Percentage Tax, etc.) if the estate is under judicial settlement.
- iii. In case the decedent was engaged in business, the heirs/executor/administrator shall, aside from submitting the Notice of Death and Death Certificate submit a short-term income tax return covering the period January 1 until the date of death. The said return shall be filed within sixty (60) days from the date of death, unless the heirs/administrator/executor shall request for an extension of time to file the same, but not to exceed six (6) months or April 15 of the following year, whichever is earlier. The TIN shall be cancelled once the decedent's business operations including that covered by the short-term return has been duly investigated for tax purposes.
- iv. Decedents with business registration shall be subject to immediate investigation by the BIR office concerned to determine the decedent's tax liabilities from his / her business. If the business is registered in a BIR district office other than where the Estate Tax Return is filed, the BIR district office which received such return shall inform the BIR district office concerned in writing, either thru fax or via email, for their corresponding action.
- v. Such BIR district office shall issue a Tax Clearance for the decedent's business registration within ten (10) days from termination of its investigations and/or full settlement of the taxpayer's liabilities, if applicable.

### **3. Discovery of a taxpayer having multiple TINs**

- i. The policies and procedures prescribed in RMO 11-2000 on identical and/ or multiple TINs shall be observed.

- ii. All BIR district office shall resolve all multiple/identical TINs without transactions furnished by the concerned RDC within five (5) working days from receipt of the list of multiple/identical TINs. All multiple/identical TINs with transactions shall be resolved by the old BIR district office within twenty (20) working days from receipt of the final evaluation of Systems Operations Division (SOD).
- iii. Separate logbooks shall be maintained by all BIR district office for resolution of multiple and identical TINs subject to verification by authorized BIR personnel for Key Performance Indicator (KPI) purposes.
- iv. All BIR district office, whether computerized or not, shall ensure that all taxpayer liabilities/cases are settled/closed in the records of the old TINs and transferred to the new/retained TINs before the cancellation/deactivation of multiple/identical TINs is performed.
- v. Computerized BIR district office shall effect the transfer of payments and/or re-encoding of taxpayer return data from the incorrect TINs to the new/retained TINs.

#### **4. Dissolution, merger or consolidation of juridical persons**

The cancellation of the HO registration shall result to the cancellation of all its registered branches. Thus, if at least one (1) branch will continue its operations, the taxpayer shall file an application for update, making one of its existing branches as its HO. If the location of the branch selected as the HO is under a different BIR district office, the rules on transfer of registration shall apply.

All taxpayers who filed for cancellation of registration due to closure/cessation or termination of business, except for branches, shall be subjected to immediate investigation by the BIR office concerned to determine the taxpayer's tax liabilities.

The following procedure shall be observed in the cancellation of the corporate TIN:

- i. For juridical persons, the TIN shall be cancelled at the time of the dissolution, merger or consolidation resulting to termination of their corporate existence through the eventual cancellation of their registration with the BIR. In case of business merger or consolidation, the TIN of the dissolved juridical persons shall be tagged with "Ceased/Dissolved" status. The procedure on the cancellation of TIN as prescribed in these Regulations shall be observed. If one of the parties survives, its TIN must be retained, however if a new corporation shall be established, a new TIN shall be issued to such new juridical entity.
- ii. The BIR district office of the HO of the dissolved entity shall inform all the other BIR district office, where the branches are registered, of the closure/cessation of the business.
