Dear Honorable Members of the Commission,

We were in the process of incorporating a non-stock, non-profit organization called the Camera Club of the Philippines Center, Inc. We paid the filing sometime around 1:30pm. We were pleasantly surprised to receive our Certificate of Incorporation about an hour later, so much so that our paralegal was still in the premises of the SEC when it was released.

We were likewise pleasantly surprised to receive along with the Company Registration Number not just the Tax Identification Number, but also the registration number of the corporation with the Pag-Ibig, Philhealth, and the SSS. Obtaining these registration numbers from those government agencies usually take a lot of post-incorporation man-hours.

We were looking for information regarding this program at the SEC website but we could not find any. Be that as it may, we appreciate the effort of the SEC to speed up the registration process. We hope that this project would be a continuing one and that it can be sustained.

Thank you very much. On behalf of our law office, I remain

Sincerely yours,

Javier Flores
